

## Chemical Reactions: Chapters 21

**\*PLEASE COMPLETE THE Chapter 21 PRE-test before beginning the unit.**

To keep on track this unit should be completed by December 13.

### Chapter 21 Vocabulary

- Vocabulary is optional.

### Balancing Equations Video Notes

- Note taking guide is optional; however, extremely beneficial in the learning process

### Balancing Equations Notes - Post Assessment

- take assessment after watching video notes
- notes are required if post assessment is not passed on 3<sup>rd</sup> attempt by 11/28

### Online CHEMbalancer Practice

- will open up after scoring 85% on the Balancing Equations Notes post assessment
- Print off the practice worksheet and complete each of the sections using the ONLINE CHEMbalancer. Answers must be correct on this worksheet. See me for help if you can't figure out how to use the program.
- submit by 11/29

### Balancing Equations

- will open up after completing the Online CHEMbalancer Practice
- submit by 11/30

### Balancing Equation Quiz

- Quiz must be taken in the classroom by 12/5

### Types of Reactions Video Notes

- Note taking guide is optional; however, extremely beneficial in the learning process
- Must score a 80% on the post assessment.

### Types of Reactions Notes - Post Assessment

- take assessment after watching video notes
- must score a 80% or redo
- notes are required if post assessment is not passed on 3<sup>rd</sup> attempt by 12/1

### Identify Types of Reactions Practice

- will open up after scoring 80% on the Types of Reactions Notes post assessment
- submit by 12/2

### Predicting Products Video Notes

- Note taking guide is optional; however, extremely beneficial in the learning process
- Must score 100% on the post assessment.

### Predicting Products Video Notes - Post Assessment

- take assessment after watching video notes
- must score a 100% or redo
- notes are required if post assessment is not passed on 3<sup>rd</sup> attempt by 12/5

### Predicting Products Practice

- will open up after scoring 100% on the Predicting Products post assessment
- submit by 12/6

### Extra Credit Assignment: Skeletal Equations

- will open up after scoring 100% on the Predicting Products post assessment
- submit by 12/7
- pay attention to due date, I will not accept late

### Modeling Reactions Lab

- will open up after scoring 100% on Predicting Products post assessment
- must be completed in the classroom
- submit by 12/7

### Energy & Reactions Video Notes

- Please complete the note taking guide

### Energy & Reactions Notes - Post Assessment

- take assessment after watching video notes
- must score a 80% or redo
- notes are required if post assessment is not passed on 3<sup>rd</sup> attempt by 12/8

### Endo or Exothermic Practice

- will open up after scoring 80% on Energy & Reactions Notes post assessment
- submit by 12/9

### Endo or Exothermic Reactions Lab

- will open up after scoring 80% on Energy & Reactions post assessment
- must be completed in the classroom between submit by 12/12

### Extra Credit Assignment: Bond Energies

- will open up after scoring 100% on Energy & Reactions post assessment
- submit by 12/13
- pay attention to due date, I will not accept late

### Chapter 21 Review

- Paper copy is optional
- Video Review is optional

### Chapter 21 Test

- Test will open up after completing all Notes/Assignments
- Test must be taken in the classroom.

### Retake Chapter 21 Test

- If you score below a 65% on the Chapter Test you must watch the video notes again and:
  - Complete the Note Guides and Submit them
  - Complete the Chapter Review and Submit
  - Retake the Chapter 21 Test and pass with a 65% or higher
