

Sunday	Monday	Tuesday	Wednesday	Thursday	Friday	Saturday
27	28 Unit 9 Pretest	29 Electric Field Notes/ Post Assessment Due	30 Electric Field Practice	31 Electric Fields Simulation Lab (no corrections accepted)	1 Electric Potential Notes/ Post Assessment Due	2
3	4 Electric Potential Practice	5 Electric Potential Simulation Lab (no corrections accepted)	6 Unit 9 Test Submit Unit 9 Warm Ups	7	8	9

See Unit 9 Due Dates Sheet for more detail regarding additional requirements and due dates.

Physics 1A

Goals:

1. I can use vectors to represent electric fields and electrical field lines.
2. I can use simulations to model electrical fields and electrical potential energy.
3. I can use mathematics and computational thinking to determine the electrical force or electric field strength when one or more of the variables is changed.
4. I can use mathematical representation to determine the electrical potential when electrical potential energy and charge is known.
